Iconic Shades
Dora One 3200, 8530 Cream Powder

FROM 70s RUNWAY ICONS TO SUSTAINABLE BREAKTHROUGHS

This season, our sun collections don't just make a statement—they command attention. Iconic oversized shapes meet precise, ultralight craftsmanship. Innovative materials such as SilhoPure 3D and SPX® Green+ set new standards, while rimless and half-rim models push the boundaries of pure, innovative design. From expressive gradients and hand-applied bi-color finishes to refined matte and mirror accents, every frame embodies daring style without compromising featherlight comfort.

This is eyewear engineered to stand out—contemporary, confident, unmistakably Silhouette.

Pure, Innovative Design.
Unparalleled Fit. Customized for Your Perfect Vision.
Crafted with Purpose in Austria.

Empower Your Lightness.

ICONIC 70S BOLDNESS IN A NEW LIGHT

From the sun-drenched runways of the 70s to today's refined streets, oversized designs like this edgy sunrise shape, return with sharper lines, featherlight comfort, and a confident presence—created to spark a new mindset. Inspired by the iconic style of designer Dora Demmel, Silhouette's creative voice and guiding spirit from the very beginning, they fuse bold heritage with airy clarity.

AN ULTRALIGHT ICON

Sculptural contours in a silky-matte finish diffuse light into a gentle glow. Delicate trim accents lend a quiet touch of reflection, elevating frames crafted from innovative SilhoPure 3D material—an ultralight innovation that flows effortlessly across the face for an all-day, barely-there feel. This is iconic boldness reshaped for modern lightness, here defined by a square silhouette with distinct edges.

SHAPES IN WEIGHTLESS MOTION

Drawn from the rich heritage of Silhouette's archives, each model interacts with light in its own striking way, merging timeless design with a sharp, innovative edge. This shape is a perfectly balanced round—available in hues ranging from Pure Black to Mocha Mousse and Olive Green.

FAST-FORWARD COLORS AND GRADIENTS

This tapered wayfarer shape brings boldness into motion with its crisp lines and striking presence. The archive-inspired Dark Olive frame with Olive Green Gradient lenses plays with light in a smooth transition, while the Cool Black frame with Space Blue lenses creates a sleek, high-contrast statement. Designs that define tomorrow.

LIVELY RHYTHM OF LIGHT

Sunlight shimmers over the crest of a wave—vivid, spontaneous, alive. This collection captures that energy through bold shapes and expressive colors. The edgy shape of the Pure Grey frame moves with the play of light and motion, made for the visionary with a taste for intentionally daring statements.

COASTAL PURITY

Fluid and dynamic like the energetic waves of Corsica, this versatile unisex frame captures relaxed confidence. Its narrow rectangular shape blends minimalist calm with subtle edge, offering a lightness that invites presence and clarity. Paired with Silhouette high-precision lenses, the seamless frame-and-lens unit ensures a distortion-free view and an unparalleled fit – customized for your perfect vision.

Dynamic Dawn Collection
Oka 8194, 7530 Gold/Green

LIGHT PLAY IN REVERSE

The Dynamic Dawn Collection turns the classic half-rim upside down, with delicate Nylor rims above and titanium below, crafted in refined single hues or hand-applied bi-color finishes. The soft feminine square shape turns heads in a bold and beautiful Magenta or a vivid Green Gradient lens with gold trim.

WEIGHTLESS RADIANCE

Matte or shiny, these frames catch and play with light—blending bold style and handcrafted finesse in an unexpectedly elegant dance. Fresh color combinations, such as the silver mirrored lens paired with a Silver/Blue trim on the aviator shape, capture the quiet extrovert—radiant in both spotlight and shadow.

LIGHT'S GENTLE JOURNEY

Light glides effortlessly across the double bar, flowing gracefully from lens to lens. Crafted from lightweight titanium, its soft metallic glow draws the eye, while a matte finish adds quiet balance. Silhouette's customized prescription lenses are perfectly matched for flawless, distortion-free vision where frame and lens unite in seamless harmony. The result: airy comfort in look and feel.

A PURE FLOW

The Rimless Shades Collection is masterfully engineered without excess, featuring a snap-hinge that ensures seamless, whisper-quiet movement and supreme comfort. Perfectly integrated into ultralight titanium temples, it offers enhanced flexibility and durability—crafted for those who move through life with graceful lightness.

A LEGACY OF LIGHTNESS

The Titan Minimal Art Collection embraces light, gently tracing every contour of the rimless frame and casting a shimmer that captivates the eye. Lens shades range from this Classic Red Brown, to Brown and Grey Gradients, and onto striking Glossy Caramel Mirror and Purple —enhancing its luminous elegance. These frames express clarity, freedom, and a subtle lightness designed to uplift your spirit.

BOUNDLESS HORIZONS, RIMLESS VISION

Engineered without screws and hinges, the Titan Minimal Art Collection features hyperflex temples and an ultrathin nose bridge. Light flows along its delicate curves, revealing a balance of elegance and strength, while advanced materials such as High-Tech Titanium ensure enduring comfort and clarity in every glance.

LIGHT OF TOMORROW

Light glides across minimalist flat lenses, tracing the sleek contours of Nova Shades. Rimless frames in pure galvanic colors, with matte or shiny accents on temples and nose bridge, catch subtle reflections. Rimless in design, these frames embody the light, effortless elegance of tomorrow.

FEATHERLIGHT CLARITY

Retro-futuristic lens shapes offer rimless fashion that is bold yet refined. Frames with vivid edges provide clarity while pin-cision hinges and adjustable temples ensure featherlight comfort and resilience. Lens hues such as Space Blue along with Grey, Green, Dark Brown and Soft Mint transform light into gentle highlights.

LIGHT ON YOU, LIGHT ON THE PLANET

In the Element Collection, frames made from SPX® Green+, a material crafted from repurposed organic by-products are featherlight on both your face and the earth. Some surfaces softly diffuse light with translucent grace, while others feature a grounded, opaque calm.

STYLE THAT SPEAKS VALUES

Light dances across the seamless contours of the Element Collection, revealing the subtle depth of each design. This Ivory/Brown frame catches the light with a gentle shine, while others settle into softly matte finishes. For the eco-conscious consumer who refuses to compromise on quality, the Element Collection is a clear vote for change—a celebration of clarity, care, and values worn as confidently as your style.

Ultralight Sunglasses

Silhouette sunglasses combine award-winning design with ultralight comfort. Each pair is crafted in Austria from exceptional materials. High-Tech Titanium and our premium polyamide innovations—SPX®+ and the sustainable SPX® Green+ made from organic by-products—deliver both durability and lightness.

Adjustable temples and Silhouette Complete Eyewear offer full customization, effortless lightness, and perfect, distortion-free clarity.

Made to empower your lightness.

High-Precision Prescription Lenses

Every pair of our sunglasses is backed by the Silhouette 1:1 promise—our commitment to full customization.

Wearers can select lens colors, gradients, filtration features, and prescriptions, all tailored to their individual style and needs.

More than just frame and lens, each model is crafted as one: designed in perfect harmony for perfect alignment; unparalleled visual clarity and comfort that lasts from morning to night—customized for your perfect vision.

SPX® Green+:
Made from 100% repurposed
organic by-products like algae.

SPX® Green+: A Breakthrough in Sustainability

Discover a revolutionary polymer free from fossil oil and made from 100% repurposed organic by-products. SPX® Green+ maintains the ultralight and lasting comfort Silhouette is known for, while achieving a 60% lower carbon footprint compared to fossil-based materials, produced using 100% renewable energy.

More than a material innovation, SPX® Green+ reflects the vision we have followed since 1964: eyewear made with respect for the planet. Our production is 100% carbon-neutral through offsetting and powered by CO₂-free electricity from solar, wind, hydro, biomass, and biogas. We also recycle 104,000 liters of water daily—each frame a step toward the world we want to see.

Silhouette Light Management®: Enhanced Vision For a Brighter Mood

Sunlight enriches life and lifts the spirit. With Silhouette Light Management®, you can experience it in its most beautiful form when you wear sunglasses. Our patented Silhouette Light Management® technology allows more yellow light to reach the eye, revealing a brighter world with defined contrasts and vibrant colors. At the same time, the lenses provide complete protection from glare, harsh light, and harmful UV rays.

High-Tech Titanium

Silhouette uses High-Tech Titanium, which combines unprecedented lightness with maximum flexibility and durability. The unique properties of titanium enable us to design eyewear without the need for screws. High-Tech Titanium is also hypoallergenic, making it an ideal choice for sensitive skin. We use a special alloy and exclusive techniques to ensure that even the finest parts stand the test of time. This is how we deliver premium quality built to last.

POL: Ultimate Protection From Glare

Polarized filtering is an integral part of our premium lenses. In total, the lens consists of 12 perfectly harmonized layers to ensure clear vision and maximum anti-glare protection. POL absorbs all reflections and harmful light that cause glare and discomfort, reducing eye fatigue and providing relaxed, high-contrast vision.
